VOL. XXVI NO. 44.

PADUCAH, KY., SATURDAY EVENING, AUGUST 21, 1909

TEN CENTS PER WEEK

## MAY USE THE PADUCAH AND NORTHERN SURVEY

The Burlington Engineers  
Are Now Going Over the  
Route Inspecting it.

Herrin Branch Will be One of  
Great Importance.

### WORK BEGINS AT METROPOLIS

The engineers of the Burlington who are in the city have been busy all week going over the Paducah-Northern survey and in all probability they will use it as their entrance into Paducah. The Paducah-Northern map have been turned over to the company and the local people who are interested in it have offered it to the Burlington. If they should conclude to take it, active work from this end could start within a very short time.

"It is amusing to us to note the many different stories that are told about our coming into your city," said a prominent Burlington official in a Sun reporter. "When we first were making our surveys and it was learned that we were to come to Metropolis, just any number of your people came to us, all excited, to ask if we were not to come to Paducah. Do you, or should any same man, think we should want to come to the Ohio river and stop? The C. & E. I. is in Joppy, and you have two roads, the I. C. and N. C. at Paducah, touching the river, so you can see there would be nothing in our merely getting to this stream. The fifty mile connection that we are building will join two of the big systems of this country, and give one of them a northern outlet, the other a line to the southeast and the ocean. I mean the connection of the Burlington and the N. C. & St. L. Just take a look at your map and see what this means and you can appreciate the fact that we could not afford to pass Paducah up. We shall make our connection here the peer of any part of our system."

### Work Begins at Metropolis Monday

Metropolis, Aug. 21.—Every work to begin on the Burlington road was to begin on the Burlington road from Metropolis to this city. Work will be started here Monday. It was begun at Metropolis last Monday, and the crews will work both ways, and it will be rushed as rapidly as is possible. The Ward Construction company, of Unhondale, has one of the sub-contractors.

## ST. LOUIS TO OCBAN

### BY WAY OF PADUCAH OVER THE ILLINOIS CENTRAL.

Nashville, Tenn., Aug. 21.—Reports from Knoxville state that the Tennessee Central is to form a part of a through line from St. Louis to the Atlantic seaboard, connecting on the west with the Illinois Central at Hopkinsville and on the east with the Southern at Harrison, the new Knoxville, Sevierville & Eastern at Knoxville, and the Seaboard Air line at some point in Western North Carolina.

The new link on the reported through line is the Knoxville, Sevierville & Eastern, which is being constructed by W. J. Oliver and his associates. This line is to extend from Knoxville to Sevierville, a distance of some twenty-five miles in a southeasterly direction, and according to an announcement made will be ready and open for the running of trains by January 31. The new line is outlined by the Knoxville reports will be composed of the Illinois Central from St. Louis through Paducah to Hopkinsville, Ky., the Tennessee Central from Hopkinsville to Harrison, Tenn., the Southern railway for the fifty miles between Harrison and Knoxville, the Sevierville road and an extension of it to a point on the line of the Seaboard Air line in North Carolina and the Seaboard to the coast.

### HENEY IS NAMED IN PRIMARY

Special Prosecutor in 'Eisen Graft Case' Nominated for District Attorney By Democrats.

San Francisco, Cal., Aug. 21.—With several precincts to be heard from the nomination of Francis J. Heney, special prosecutor in the so-called graft cases, as Democratic candidate for district attorney, is virtually conceded.

## The Moorish Women Teach the Spaniards a Few Tricks in the War Games—Using Hand Slings

The Fighting Around Mellila  
is Fierce and Spaniards Al-  
so Fight Hand to Hand—  
No Definite News Today.

Madrid, Aug. 21.—The indications of the fierceness of the fighting around Mellila shown in a report that a hand grenade company has been organized by Col. Burogo and is doing terrible damage among the tribesmen, throwing grenades with slings. Moorish women are taking a part, using slings to throw stones and wounding many. This gave the Spanish the idea. No definite news of the success or failure of the latest movement has been received.

### CHARLEY TAFT GETS DUCKING

Clings to Overturned Craft Until He  
Is Rescued.

Salem, Mass., Aug. 21.—It became known today that Charles Taft, the president's son, and an engineer from the president's yacht Sylph were upset in the lad's dory off Salem yesterday afternoon and received a ducking. They clung to the overturned craft until a boat from the Sylph put out to them. The Taft dory is a non-sinkable craft.

### STATE BUYS MORE PROPERTY FOR CAPITOL

Frankfort, Ky., Aug. 21.—The State Board of Capitol Commissioners held a lively session today in the office of State Treasurer Farley, when Governor Wilson denounced a "highway robbery" a price of \$2,500 for 64 feet of ground belonging to City Attorney William Cromwell, which the Capitol Commissioners desire to buy in order to widen the approach to the new Capitol. The Capitol Commissioners and Cromwell could not agree on a price, so each side appointed two prominent business men to fix a reasonable figure. Both sides bound themselves to abide by their decision. These four could not agree, so finally a fifth was called in to settle the dispute, and he voted for \$2,500, the figure demanded by Cromwell.

It seems that the governor was not familiar with all the transactions, and he expressed his opinion of the matter in unflinching language to Cromwell and the commissioners. He branded the deal as "highway robbery" and declared that he would denounce it in his message.

He said that he did not feel disposed to sanction any such deal, and told Cromwell that he was holding up the state, as giving his "postage stamp of land" would benefit him and his property much more than it would the Capitol.

### DEPARTMENT CONTRIBUTES LIBRARY FOR OFFICER

The Paducah police department has contributed a liberal donation to ex-patrolman William Johnson, who is seriously ill at his old home in Metropolis, Ill., in order that he can go to Great Springs, Ill., for the benefit of his health. Patrolman Johnson was let off the police force a short time ago by the board of police and fire commissioners after many years of faithful service, on account of ill health. He went to his old home and a few days ago wrote here asking financial aid from the department. The officers heartily contributed, Mayor Smith being one of the largest contributors.

### WESTERN UNION TELEGRAPH CO. GETS A BIG VERDICT

Boston, Mass., Aug. 21.—Everett W. Burdette, special master in the famous case of the Western Union Telegraph company against the American Telephone and Telegraph company, today filed a judgment for five million in favor of the plaintiff, consisting of stock and cash. It is not nearly as much as was demanded, but is considered a great victory anyway.

### TOBACCO ASSOCIATION SELLS TWO HUNDRED HOGSHEADS

Over 200 hogsheads of tobacco were sold this week by A. N. Veal, local salesman for the Planters' Protective association, bringing good round prices. This leaves only about 50 hogsheads of the 1908 left on hand for sale.

### Chicago Car Strike.

Chicago, Aug. 21.—President William D. Malone, of the International Street Car Men's Union, arrived today from Detroit to take charge of the wage scale controversy on union men's side, according to union officials, and they say it will definitely be settled peaceably within a week.

South side men will hold a mass meeting tonight to consider a proposition almost the same as that rejected by the north side last week.

### EXPLOSION OF PLUMBER'S FURNACE INJURES THOMPSON

By the explosion of a plumber's hand furnace this morning about 8 o'clock, Charlie Thompson, an apprentice in the employ of Arts & Tolbert, plumbers at 117 South Fifth street, was seriously burned on the face and right side.

Thompson was at work at the residence of Sam Washington, Fourth and Jackson streets, and was in a pit which had been dug in the yard in lighting the furnace when explosion followed, the flames leaping against the boy, his clothing became ignited but the flames were smothered out. Dr. Jeff D. Robertson was summoned and attended Thompson, who is confined at his home, Fourth and Jackson streets. He will be laid up several days.

## PROF. J. D. SMITH SAYS "MAY RUN"

WILL MAKE A DECISION IN A  
FEW DAYS.

Has Been Quiet Man With No Taste  
for Politics.

In another column of The Sun today is a call on Professor John D. Smith to make the race for county clerk. There have been rumors current on the streets for several days concerning the possibility of his candidacy, and a reporter of The Sun today asked him for an expression on the subject, and he said:

"I am hardly ready to talk for publication. Still I confess that in view of the many solicitations of friends and the evident wish on the part of many of our citizens of all parties, both in the city and county, that I should enter the race as an independent candidate, I am thinking very seriously on the subject."

I am and have been independent in politics—especially as regarding city and county offices. I think these should be considered strictly from a business standpoint.

As I have been a quiet man so far as concerns politics, I suppose the idea of my candidacy grew out of my connection with the business and investigation of the office of the county clerk as an expert accountant, and possibly my suggestions to the county authorities as to the wisdom of—or necessity for a definite and safe system of bookkeeping for the county, made without thought of my candidacy and merely because of my interest in my county.

"I shall determine in a day or two what course I shall pursue, but just now I am not ready to say."

## A NIGHT SCHOOL

MAY PROBABLY BE PROVIDED  
BY THE SCHOOL BOARD.

Paducah may boast of a public night school for the next session of the public schools if the school trustees find that the funds of the school board will bear it. Many children are prevented from attending school owing to the fact that they are obliged to assist the family by working in the day. The need of an education has been realized by many of these children, and it is thought plenty of students could be obtained.

Trustee S. H. Winstead has secured the estimated cost of trying the school and will present it to the school board, which will meet in a unified session Monday night. Probably the first year one teacher could handle the classes, and as the attendance grew more instructors could be employed. It is planned to teach the elementary studies and a business course, such as would be helpful to the working children. The night school has been recommended to the board and the last report of Superintendent Carnegie showed that many children had quit school owing to the necessity of helping the family.

The committee that inspected the sanitary condition of the school buildings will make its report. Most of the buildings are in good condition, although the Jefferson building needs a concrete floor in the basement, and other minor improvements.

### FIRE DESTROYS MILL AT LEBANON TODAY

Lebanon, Aug. 21.—The milling establishment of T. M. Ester & Co. burned this morning. Loss \$25,000 partly insured.

## YOUTH SAILS UP IN THE AIR LIKE SPARROW

Kentucky Aviator Makes a  
Successful Flight at  
Covington.

Will Substitute Foot Power  
With a Gasoline Engine.

### PROMISES PUBLIC ASCENSION

Covington, Ky., Aug. 21.—From the success of a new airship, which has been made in Covington, this city seems sure to become the rival of Dayton, O., in aerial navigation. William Pelley, aged 30 years, who works in a tobacco factory on West Sixth street, is the inventor. He has perfected and has flown an airship made after the fashion of a sparrow's wing, and which can be propelled as long as the person conducting it has sufficient leg power to work the foot pedals.

Sunday he made a flight at the Fifth street hill. The machine was carried almost 300 feet through the air at a distance of about twenty feet from the ground. The flight was made early in the morning, about 4 o'clock, as Mr. Pelley did not want anyone to know of his invention or of his flight. The machine, which is in reality an aeroplane, is made of light canvas and wood, and resembles a box kite. Two wings put out from the body, being four feet wide and six feet long. The operator sits upon a frame and works a set of pedals which keep these wings moving and the aeroplane in motion. A large rudder in front guides the machine. It weighs about 185 pounds.

Mr. Pelley's first flight was made without accident, and he says that as soon as he gets a gasoline engine to fasten onto the pedals to make the machine go without the foot power he will make a public ascension in Covington.

### Stop Sale of Pezote Beans.

El Paso, Aug. 21.—The American and Mexican governments it is learned from a Mexican officer will co-operate in an effort to stop the sale of the pezote bean and to eradicate the plant. The bean is a powerful narcotic and intoxicant—more so than opium or whisky and much more injurious.

It is found in only a small section forty miles from Nuevo Laredo in Mexico, and a small area near Laredo, Texas.

### JOSEPH MILLER, ST. LOUIS, MURDERED LAST NIGHT

St. Louis, Aug. 21.—Joseph Miller, age 17, was found dead in an alley behind his home early this morning his neck broken, a bruised knee. Witnesses said they heard someone holler "gang trying to kill me." Mrs. Elizabeth Mitchell and three young men are held as suspects.

### ALFRED SCOTT ASSAULTS THOMAS MARTIN AT SALEM

Used Brass Knuckles and Martin, Who  
Is Quite Old, May Die.

Kuttawa, Ky., Aug. 21.—Alfred Scott, assaulted Thomas Martin, an aged citizen, at Salem, Livingston county, today. He used brass knuckles and Martin may die.

### Rains at Rheims.

Rheims, Aug. 21.—Heavy rains were the only disappointment of the week in aeroplane preparations. Aviators are busy overhauling the machines for the contests.

### THAW GETS NO BETTER TREATMENT AT ASYLUM

White Plains, N. Y., Aug. 21.—In a statement given out today by Mrs. Mary Copely Thaw, the mother of Harry K. Thaw, she says he is now getting worse treatment at Mattea than ever before. She says he is not even allowed to take eggs and orange juice prescribed by his physician as he did before.

### THE WEATHER.

The weather forecast for Paducah and vicinity is: Fair tonight and Sunday. The highest temperature today was 85 and the lowest 66.

## Police Unearth a Plot to Kill Czar Nicholas on His Trip to Italy—May Cause Postponement

Names of the Conspirators  
and Their Pictures Have  
Been Forwarded From  
Moscow to Rome

Moscow, Aug. 21.—Proof of a well developed plot to assassinate the czar on his coming trip to Italy was discovered today by secret police. The plotters and members of a revolution, any committee were already in Italy to complete preparations. Their names are known and the police have sent pictures and descriptions to the Italian authorities with a request to immediately arrest them. Unless the Italian police round up the plotters it is probable that Nicholas will abandon his visit.

### TYLER HAS TAG DAY TODAY

FOR CHURCH BENEFIT.  
It was "Tag Day" in Tyler today, and everybody that passed through the suburb was held up and tagged. The event was for the benefit of the Tyler Methodist church, and early this morning a bevy of pretty girls were out with the bits of pasteboard busy tagging the farmers who were coming to market. This evening the automobilists will be in line, and the taggers will be ready to stop every car and tag the joy riders.

### ANOTHER BERTH MAY BE MADE FOR BIDWELL

Frankfort, Ky., Aug. 21.—Secretary of State Bea L. Bruner said today that he has appointed a successor to W. E. Bidwell as bank clerk in his office, who resigned, but is not yet ready to announce his name. It is said that Bidwell will get another place under the state government here.

## "101 RANCH"

MAKES BID FOR THE JEFFRIES-  
JOHNSON FIGHT.

New York, Aug. 21.—Bids were received today from Joseph C. Miller, the millionaire owner of "101 Ranch," near Bliss, Okla., for the Jeffries-Johnson fight. He offers \$75,000 as a purse, the battle to occur in the second week of April, on his hundred thousand acre ranch, forty miles from Oklahoma City. It is midway between the east and west, and more convenient for fight fans from both sections. There are three Miller brothers. All are millionaires, and they will join in making up the purse. To prove the offer bona fide they will post a certified check for \$25,000, with any bank the fighters name, following it with fifty thousand more as soon as the terms are accepted.

He is well known to marine circles here and has many friends among the rivermen.

### A GOOD ORDER.

Enginemen Must Not Let Engine  
Emit Smoke to Annoyance  
of Public.

Enginemen must not let locomotives stand around railroad stations and belch black smoke, to the discomfort of the traveling public. Notices have been posted on the bulletin boards of the Illinois Central railroad calling the attention of the employes to the nuisance. The firemen must regulate the use of fresh coal before a station is reached so that the passengers at the stations may escape a soot storm.

## SWEDEN STRIKERS

### ALL ASK TO BE ALLOWED TO GO TO WORK.

Gotzenberg, Sweden, Aug. 21.—Next Tuesday has been practically settled upon as the day when the state-wide strike ends. The textile union has asked the strike committee for permission to return to work, and the committee told them to wait until Tuesday, when all strikers may resume work. More than half of the strikers who walked ten days ago have already returned to work.

### HOGS ARE IMMUNIZED FROM CHOLERA BY A NEW SERUM

Kansas City, Aug. 21.—That hogs, by being inoculated by a serum discovered by Dr. M. Dorest, government specialist, are immune from cholera, has been demonstrated to the satisfaction of the United States government officials who have been conducting the test at the Kansas City stock yards.

At the beginning of the test thirty days ago, thirty-five hogs were placed in an isolated pen, twenty-two of them having been inoculated with the serum. Four of the remainder were inoculated with virulent cholera blood and nine were given no treatment at all.

The thirteen hogs that were not inoculated died of cholera during the test, while the twenty-two given the serum are alive and perfectly healthy. The immunized hogs were subjected to every form of exposure to cholera. The carcasses of the untreated hogs that died in the pens were allowed to remain in the pens with the immunized animals as long as two or three days.

### \$30,000 STRING OF PEARLS AT BOTTOM OF HARBOR

Deep Sea Diver Engaged to Go After  
the Jewels.

San Pedro, Cal., Aug. 21.—John Christie, a deep-sea diver, has been engaged by Edwin T. Earle, the millionaire publisher of Los Angeles, to search the bottom of the harbor for the \$30,000 string of pearls lost by Mrs. Earle a week ago. Christie starts work today.

Mrs. Earle missed the jewels while making the trip from here to Catalina Island, and thinks they dropped overboard from the steamer, near the wharf.

## PADUCAH MAN HURT IN FIRE

ENGINEER ON STEAMER FIRED  
SWAIN BURNED LAST NIGHT.

Stuck Bravely to His Post and Was  
Last to Leave the Burning Vessel.

Joseph Carscaden, a marine engineer of Paducah, was seriously burned about the face and body yesterday afternoon at 3 o'clock off Averyville, Ill., when the steamer Fred Swain, leaving Peoria for LaSalle with twenty-five passengers and a crew of fifteen aboard, caught fire and burned to the water's edge. No lives were lost and two people were seriously injured. Charles Rebeberger, of Peoria, had his right arm broken.

The fire originated in the cabin and all efforts to subdue the flames proved fruitless. Capt. Swain, realizing that all hopes for the vessel were gone ordered Pilot Martin Houston to beach the boat and the crew dealt out life preservers. All of the passengers and crew were rescued and taken to shore in rowboats.

Engineer Carscaden was the last to leave the burning vessel, guarding the boiler against explosion. He remained at the pumps until the flames scored his face and body and was later removed to a hospital. Carscaden was formerly engineer on the steamer Diek Fowler, running between here and Cairo. He resigned last year to go on the Fred Swain. He is well known to marine circles here and has many friends among the rivermen.

### A GOOD ORDER.

Enginemen Must Not Let Engine  
Emit Smoke to Annoyance  
of Public.

Enginemen must not let locomotives stand around railroad stations and belch black smoke, to the discomfort of the traveling public. Notices have been posted on the bulletin boards of the Illinois Central railroad calling the attention of the employes to the nuisance. The firemen must regulate the use of fresh coal before a station is reached so that the passengers at the stations may escape a soot storm.

## FOR HOW LONG

Cool Weather Catches Up With the  
Torrid Wave.

The hot wave has lost out in the race with the cool weather, which has left its competitor several laps behind. Last night the weather was cool as at a summer resort, and many people used blankets before dawn. The lowest temperature was 66, but the breeze aided Paducahans in keeping cool, and today a coat was not uncomfortable, something that has been rare in Kentucky this month. Residents are content with this brand of weather, and hope the weather man will not change. The promise of fair weather is held out for tomorrow.

### Turns Down Challenge.

The West End Tennis club has turned down a challenge from a Hopkinsville tennis club, owing to the condition of the court, which is not quite good enough for championship games. Paducah has some good players with the racket, and it is probable that a tournament will be arranged this fall between the best players of each court. Tennis has sprung in favor in Paducah, and no doubt a tournament between local players would attract much local interest. Besides a Paducah team might be picked to compete with players from other towns.

### BANK CLEARINGS FOR WEEK.

Bank Clearings.  
This week .... \$636,995.  
Last week ..... 677,356.  
The dog days of summer have had their effect on the business, although last Tuesday was pay day for the Illinois Central railroad employes, and the retail business has felt its good effect. The best effects of the big increase at the shops will not be felt until next month in the payroll owing to the fact that the pay can payments are always a month behind.

The best news of the week considered from a business standpoint was the active construction work on the Burlington railroad across the river, and the fact that Burlington engineers are working around Paducah. All skeptics have vanished, and the Hill railroad system is expected to be in Paducah before many months, as the transfer will be used pending the completion of the bridge. In speaking of the furniture business one of the largest dealers in the city said: "Our business is picking up rapidly, and as 75 per cent of the furniture trade may be classed as a luxury it shows that people are getting back in the same prosperous condition." The fact that all of the excursions out of Paducah have been well patronized.

Manufacturing Plants.  
Paducah manufacturers are doing a good business, and their books are full of good orders. "We shall have the best year we have had in some time," is the way one manufacturer replied to a query of a Sun reporter today.

Real Estate Active.  
"The real estate market is beginning to show signs of life," said a real estate man today. "The last few weeks we have had some mighty nice business and present indications are very promising indeed. The advent of the new railroad will give us an impetus, and it will soon be quite apparent."

Building Lines.  
Work on the new city buildings will give employment to quite a number of hands. It will be started now in a few days. Plans are in the hands of a local architect now for the new \$40,000 building the First National bank will erect, and in all probability it will be built this year.

## ELKS' HOME

WILL BE IMPROVED BY INSTAL-  
LATION OF HANDSOME  
LIBRARY.

The handsome Elks' home on North Fifth street will be made more commodious by the expenditure of \$5,000 on the building, which will be improved soon. The plans call for a change of the pool and billiard room to the basement, which is used now as a storage room. It will be fitted up with baths, and the billiard and pool tables. The space on the first floor now used as a place for the games will be devoted to a library and reading room. The library will be one of the best private libraries in the city, and all of the books will be bound uniformly, and embossed with the monogram of the club. With the addition to the club it will be one of the most complete homes in the state.

### A GREAT WEEK AHEAD FOR AVIATORS AT RHEIMS

All the World's Noted Experts Ex-  
cept Wrights and Zeppelins  
Are On Hand for Events.

Rheims, Aug. 21.—Everything is in readiness for aviation week, beginning tomorrow. It is expected all records will be broken. All prominent aviators, but the Wrights and Zeppelins, are here. The list includes Bleriot, Santos Dumont, Sommer, Gannier, Calderera, Delmberg, Tissandier, Paulhan, Latbair, Ferber, Voisin, Farman, Fouraire, Delagrang, Cockburne, Dumares, Bana, Varilla, Leblanc, Geoffrey, Ensault.

Attorney Hal S. Corbett left Wleke yesterday for Chicago on business.

Young Harriman Joins "Chain Gang" On Father's New Road.

Chicago, Aug. 21.—Averell Harriman, son of Edward H. Harriman, has started to learn the railroad business from the ground up. Young Harriman, who is eighteen years of age, is making his start in the direction of a railway magnate's commanding position by carrying the chain in a surveying gang on the Oregon Short Line, in Idaho.

When his father went to Europe in search of health, Averell had his choice of how he should spend the summer, and his choice included the opportunity to go to Europe. He declared that he wanted to learn something about how railroads are located, as that was the foundation of the science of railroading. Asked if he

wanted to start at the bottom, as any other boy would have to, he replied that he did.

George Dixon, son of Dr. George A. Dixon, of New York, one of Harriman's family physicians, is a school chum of Averell Harriman, and he decided to join the "chain-gang." Both boys were put in positions at \$65 a month and were placed on the pay roll of the Oregon Short Line with instructions to the general manager to see that they were treated just as other employees are treated.

#### LOGAN MATTHEWS, OF COUNTY, DIES SUDDENLY LAST NIGHT

Suddenly seized with a hot fever in a relapse after an illness of malarial fever Logan Matthews, residing near Nelber, 12 miles from Paducah, on the Clinton road, died a short time afterwards last night, breathing his last at 8:30 o'clock. He had about recovered from malarial fever and had been enjoying the evening with his family when a burning fever set in. Death resulted from heart failure.

Matthews was 49 years old and engineer at the saw mill of Butler Lawson, at Sandy Point, near his home. He had lived there for about seven years. He leaves a wife and five children.

The funeral was held this afternoon at 2 o'clock and burial at the Oak Hope cemetery at Hickey Grove.

#### PLANS BIG BARGE LINE.

Arthur N. Sager, of St. Louis, Would Put \$10,000,000 Packet on Mississippi.

Little Rock, Ark., Aug. 21.—Arthur N. Sager, of St. Louis, is spending a few days in Little Rock in the interest of the ten million dollar corporation to operate a packet and barge line on the Mississippi river from St. Paul to New Orleans.

Mr. Sager says he is here for the purpose of discussing with various business men the proposition of the incorporation of the company, and that 200 of the leading financiers of the country will be the incorporators. Of this 200 more than 100 have already indicated their intention of entering the corporation.

It was the intention of Mr. Sager to confer with Asa R. Bragg, manager of the Little Rock Packet company today, but Mr. Bragg is out of the city, and will not return before tomorrow. In the meantime Mr. Sager will do nothing, preferring to discuss the matter with those interested in the present steamboat lines in the state before going further, so far as Little Rock and Arkansas are concerned.

It is the intention of this company to put on the Mississippi river and its tributaries such boats as will carry freight at all times of the year, regardless of the depth of the water. Light draft steel hull boats of the German type will be employed in the undertaking, and these will vary in capacity from 500 to 1,000 tons capacity with a draft of from 27 inches to 60 inches.

#### VIGOROUS PROSECUTION OF BLIND TREE MEN

Fuged By Judge Thomas P. Cook in Court at Eddyville.

Kentawa, Ky., Aug. 21.—The Lyon circuit court convened in regular session of the August term at Eddyville this week. Judge Thomas P. Cook presiding. Judge Cook in his instructions to the grand jury was rigid on violators of the law, saying in substance that all character of crime should be thwarted, even if it be a Herculean task. He devoted some lines to the illicit sale of liquor in local option territories, being anything but mild toward the "blind tiger" and "bootlegging" element.

For a time in this county the illicit sale of whisky and beer seemed to have great sway. More than a half dozen rendezvous were dispensing liquor, despite investigations of a grand jury. Several search warrants were issued, raids made and not until then did the authorities succeed in curbing the sale.

And many a lovelorn maid imagines she is heartbroken when in reality her liver isn't working just right.

## A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations to the policy holders are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

## SALZNER HELD

CORONER'S JURY HOLD HIM GUILTY OF KILLING WIFE.

Held That Accused Man Must Be Held for Trial as a Wife Murderer.

signed jurors, sworn to inquire into the death of Mary Salzner, on oath do find that she came to her death by a fractured skull and disease resulting therefrom, caused by being struck on the right side of the head by an instrument held in the hands of Henry Salzner. We find from the evidence, and to the best of our knowledge and belief, that the said Henry Salzner committed this deed and was not justified in the act, and we therefore recommend that the said Henry Salzner be held until discharged by the process of law. The said assault took place in Lancaster's tenement house on Sixteenth street near Commercial avenue, in Cairo, Alexander county, Illinois, between the hours of 9 and 12 o'clock p. m. August 7, 1909. The deceased died at St. Mary's Infirmary in Cairo, Alexander county, Illinois, about 2:45 p. m., August 15, A. D. 1909.

P. C. SCILLIAN,  
HENRY HAIRD,  
JOHN H. GATES,  
DAN WILLIAMSON,  
JOHN T. BROWN.

The foregoing verdict was reached at 5:45 o'clock last evening by the jury in the case referred to, after a consultation lasting less than half an hour.

It marked the close of one of the longest and most conscientious and most painstaking efforts on the part of the coroner of Alexander county and the men he had selected for the purpose to ascertain the truth with respect to a great crime that had been committed in this community concerning which much feeling had been aroused, because of its exceptionally brutal nature in all its aspects.

The inquiry had been adjourned from the day before when all afternoon was spent in taking statements of witnesses. Nearly all of yesterday afternoon was consumed the same way. The inquiry was resumed shortly after 2 o'clock yesterday afternoon. Not all who had been present the day before were there yesterday, the notable absences being the father and sister of the murdered woman who had left the city with the remains, going to Paducah, where interment will be made today. The accused and his father and brother were there, his sister and mother remained away.

#### I. C. EXPERTS HEAVY TRAFFIC AND PREPARES.

Memphis, Aug. 2.—The railroads throughout the southwest, as well as those in other sections of the country, are preparing for a record-breaking volume of traffic during the coming fall season. Freight traffic officials of the Illinois Central have issued orders that wherever it is possible no cars of the system shall be booked for points outside the system where foreign cars are available for the purpose. Similar orders are being received by freight and traffic officials of other lines running into Memphis territory. This indicates the belief on the part of the traffic department that the demands of the coming fall season will make it imperative that every car on each system will be needed for the fall business and that it will be necessary to arrange in advance to have all the available cars ready.

Every blue running into Memphis reports an unusually good freight business for July and for the first two weeks of the present month. Another indication of the improvement of the fact that in the movement of lumber a large proportion is classed as "company business," that is, lumber which is being shipped to the various camps on each system for use in repairing freight cars. One of the roads' reports for the past month showed nearly 50 per cent of lumber shipment in this class, indicating an increased business in the company's shops.

The dividing shops are also employing men in almost every department, in order that the equipment may be placed in condition for use in the fall business, and in some of the shops it is said that the men are being worked overtime.

#### CANT ADVERTISE LIQUORS.

Another Prohibition Bill Is Passed By the Alabama Senate. Montgomery, Ala., Aug. 21.—The Prohibition bill today passed the senate with little opposition. There was not a vote against the elimination of that section which sought to prohibit the newspapers and magazines from advertising liquor for sale.

### Attention

These hot evenings, when you are driving and want a cooling fountain drink, you want it right ON THE SPOT if its to "hit the spot." And you don't have to go down town to Gilbert's Fountain at Fourth and Broadway to get it, either.

There's a brand new SANITARY ICELESS FOUNTAIN at Gilbert's Drug Store at Fourth and Broad Streets, precisely like the one at Fourth street and Broadway.

The same delicious Ice Creams and Sherbets are served there as at the Fourth street and Broadway store, made in the same place, from the same full rich cream and by identical sanitary methods. Next time you are driving—probably tonight—we want you to stop and give yourself a treat—one that you'll enjoy hugely.

You can't miss the place—its right at the corner of Fourth street and Broad street, just before you round the turn into Third street.

## The Week In Society.

Notwithstanding the warm weather, Madison society has been quite busy the past week with small parties. There is nothing big on the calendar for the coming week, but the German club will give another of its summer dances at the park the week following. There are quite a number of attractive visitors in the city and automobile and boating parties are the chief entertainments being provided for them.

**Supper at Park.**  
Miss Ruby Mayer, of South Fourth street entertained with a supper at Wallace park Thursday evening in honor of Miss Lena Goodman, of Tiptonville, Tenn., who is the guest of the Misses Smedley. After supper the party enjoyed boat riding and other amusements. The party included: Misses Ruby Mayer, Emma Mayers, Lena Goodman, Murrell Smedley, Madie Mayers, Bessie Smedley, Letta Robinson, Mabel Berry, Mary Ripley, Inez Bell, Messrs. Buford Harris, Edgar Washburn, Frank Mayers, Clyde Bell, Roy Stone, Ernest Bell, Will McCann, Luther Goodman, Charles Smedley, Charles Krugan.

**Professor Gilbert to Give Series of Recitals.**  
Professor Harry Gilbert, who is in the city on his vacation, has arranged to give two organ recitals at the Broadway Methodist church. The first one will be next Tuesday afternoon and the other one day the following week. A free-will offering for the benefit of the church will be taken up.

**Birthday Celebration.**  
Mrs. Jane Graf celebrated her sixty-fourth birthday Wednesday at her home, 210 Ashbrook avenue. Thursday night, those present were: Her daughter, Mrs. Dora Davis and family, of Cincinnati, Mrs. Jennie Baker and family, of Tennessee,

Mrs. Matilda Goodman, Mrs. Emma Miller and family, Mrs. Sherman Miller and family, of Tyler, Mrs. Harry Davis, Mrs. Minnie Draper, of Cairo, Mrs. Emma Deprest and family, of Southland, Rev. Lewis and family, Mr. and Mrs. R. S. Barnette.

**Birthday Entertainment.**  
Mrs. W. H. Kane, 927 South Fourth street, entertained Thursday evening in honor of the sixth birthday of her nephew, Master John Coffey. Games and music were enjoyed during the evening. Those present were: Misses Alma Coffey, Meta Rootor, Mildred LaMoore, Marie Cunningham, Lucile LaMoore, Queenie Augustus, Thelma LaMoore, Aline Barrett, Lillian LaMoore and Dolly Ertter; Masters Louis LaMoore, Rupert Harper, Charles Houser, Stephen Secher, Robert Houser, Edward Rootor and Robert Woolfolk.

Edwin Randall Salem Cope, Raymond Palmer, Jim McInnis, Jim Shelton, Gladstone Burns, Gregory Harth and George Wallace, Jr.

**Miss Bess Lane and Mr. Thos. Watson Married.**  
Telling her friends that she was going to Louisville on a visit, Miss Bess Lane, 837 Jefferson street, and Mr. Thomas Watson were married Tuesday night in Covington. The couple left Tuesday at noon, the bride for Louisville, and the groom for Niagara Falls. Relatives say that it was not an elopement, but that the couple went to Covington for a

quiet wedding. They have returned and will reside at 847 Jefferson street. The bride is the only daughter of Mr. and Mrs. J. Robert Lane, and is a pretty young woman of the blond type. She was graduated from the high school in 1908 and has many friends. Mr. Watson is an operator at the Union station for the Illinois Central railroad, and is popular in a wide circle of friends. He has resided in Paducah for several years, coming here from Hopkinstown. Although the news of the marriage was a pleasant surprise for the friends of the couple as it was not expected.

**Hayride Wednesday Night.**  
A most enjoyable hayride was given by the Young Men's Barren class of the Second Baptist church Wednesday night in honor of Miss Elizabeth Austin and Mr. Kenley Austin of Nashville, Tenn., who are visiting their cousins, the Misses Lula and Stella Anderson, of 1235 South Eighth street. The party started on the ride at 8 o'clock and rode until twelve. The party included: Misses Stella Anderson, Elizabeth Austin of Nashville, Tenn.; Ruby McDonald; Lula Anderson, Jessie Maynor, Susie McIntosh, May McIntosh, Nona

**Surprise Party For Wilford Ross.**

Miss Hattie Harlan and Mr. Albert Frank Roth were married Wednesday morning at 10:30 o'clock at the parsonage of the St. Francis de Sales church, the Rev. Father H. A. Connolly, performing the ceremony. It was a pretty morning wedding with only the relatives and intimate friends present. After the ceremony the couple left for Louisville, Cleveland and Niagara Falls on a wedding trip. Miss Emma Harrison, a sister of the bride, and Mr. Harry Mansfield were the only attendants at the wedding. The bride looked especially charming in a grey traveling suit with hat and shoes to match. She is a daughter of Mr. and Mrs. C. N. Harrison, of Grahamville, and a young woman of the brunette type. Mr. Roth is the son of Mr. and Mrs. A. J. Roth, 504 Harahan boulevard, and is cashier at the freight office of the Illinois Central railroad. On the return of the couple from the east they will visit the grand parents.

**Mr. B. J. Feeacy and Mr. Dennis Halpin were the only attendants.**  
The marriage of Miss Anna Halpin and Mr. Fred H. Managan was solemnized quietly with a nuptial mass at the St. Francis de Sales Catholic church Wednesday morning, the Rev. Father H. A. Connolly officiating.

**Miss Ruby McDonald Entertained.**  
Miss Ruby McDonald entertained delightfully Thursday evening with a lawn party at her home, 154 Farley street, in honor of Misses Del Haven and Elson, of Kenosha, Wis., who are the guests of Mrs. James Brenner.

of Mr. Roth in Louisville and after September 1 will be at home to their friends at Fourth and Madison streets.

## NEW LIGHTS

At Fourteenth and Kentucky Avenue Delight Residents.

Residents at Fourteenth street and Kentucky avenue were happy last night when the new street light shone in all its brilliancy. The light at that intersection has been needed for some time as it is a dangerous place at night for vehicles. It was put up yesterday afternoon by Superintendent J. O. Keelber, of the city lighting plant.

The board of public works will next order another light placed on Clay street between Fourteenth and Nineteenth streets as it is difficult for vehicles without lamps to drive at night for fear of colliding. The new apparatus recently installed at the light plant is working satisfactorily and Superintendent Keelber is pleased with it. The new boiler is a big saving in the fuel and has the capacity for many more street lights. Although there have been numerous requests for lights in different parts of the city the appropriation for lights has run short and the board of public works will not be able to install any more lights unless some provision is made by the general council.

TENT COLLAPSED AT CHAUTAUQUA.

Two People at Bowling Green Badly Hurt, and Others Have Close Calls.

Bowling Green, Ky., Aug. 21.—Miss Eva Hogan and J. K. McGinnis were badly injured last night at the temperance chautauqua tent when a number of rudely-constructed seats collapsed.

The seats were fastened to stakes driven into the ground, and when the crowd filled the tent the weight proved too much and one section went down.

Card of Thanks.

Expressions of gratitude kindly offered to God and the generous-hearted people who contributed to the splendid repast for the poor yesterday at Wallace park. A delightful car ride by the Traction company, free boats all day upon the lake, and extreme courtesy by park manager. The dinner spread of everything good, the company surrounded the table, with a short speech by the pastor of the Union Rescue Mission as to how this came about through the goodness of God in the hearts of the people, and all praise returned thanks, then the appetites were graciously supplied by each one helping themselves, after which seven gallons of ice cream and sherbet and dished out in 300 nickel cones, was relished in connection with fine cakes, bananas, pickles, fruits, cantelopes and lemons from arrival on ground until we left. All spent the day and went away feeling full, happy and thankful. A day to be remembered. Yours with thanks.

Burdette Will Not Recover.

Los Angeles, Aug. 21.—The trustees of the Temple Baptist church have accepted the resignation of Rev. Robert J. Burdette, the preacher, humorist and journalist. When the question of his resignation came up there was strong opposition to it. Many of the trustees preferring to give their pastor an unlimited vacation in the hope that his health would recover sufficiently to permit him to return to the pulpit. But a letter from the pastor put an end to the discussion. It is known among his friends that Dr. Burdette will never recover from his present illness. He probably will live for many years but his health is permanently broken.

REVIVAL IN TRADE.

Dun's Review Predicts Maximum in Expansion.

New York, Aug. 21.—R. G. Dun & Company's review of trade will say: Reports from the principal cities unite in confirming the revival in trade. The prospects are that the volume of business will before long attain such proportion that maximum capacity will be reached and labor be at a premium. In the iron and steel trade this condition seems to be already in sight, and that the wonderful expansion is no mushroom growth is evidenced by the advance order for 1910. The railroads are enjoying such increases in earnings, and such assurances of good crops, that they are buying freely of steel rails and other supplies.

In the dry goods market jobbing houses report a much better business than a year ago and in some conspicuous instances the figures are running ahead of the volume of trade in the corresponding period of 1906.

Orders for iron and steel are increasing so rapidly that mills and furnaces experienced difficulty in making deliveries and in some instances premiums are being paid for prompt shipment.

Additional orders for shoes are not coming very freely and shoe manufacturers do not look for much business before the close of this month. Buyers feel sure that prices at least will be no higher, and consequently continue to delay making contracts.

The demand for all kinds of hides shows improvement and a fair amount of business has resulted with a prospect of larger sales. Leather rules quiet, though many varieties are firmly held, there are weak spots in other kinds. Less favorable crop and weather news caused an advance in prices of the leading farm staples.

## IN SOCIAL CIRCLES

## David Singery Entertains.

Lunch Rite.

A party of young people enjoyed a lunch ride to Brookport last night and return. A delightful evening was spent, and refreshments were served when Brookport was reached.

In the party were: Misses Norma Juddins, of Mayfield, Essie Sisk, Ora Brandon, Edith Sisk and George Sisk, Miss Mary and Messrs. Jeff Bell, Ziba H. Williams, Lloyd Walker, Lucius McCall, Mr. and Mrs. H. C. Thompson chaperoned the party.

Celebrates Tenth Birthday.

One of the most beautiful little parties of the season was given last evening by little Miss Verus Hollenberg in honor of her sister, Miss Nora Hollenberg, it being her tenth birthday, at their home, 619 South Fourth street. The home outside was beautifully decorated with Japanese lanterns and the interior with cut flowers and ferns which were used extensively in the dining room. Amongst the flowers and ferns ice cakes and fruit was served in the dining room by Miss Louise Thomas and Miss Nell Love. Their childish games were greatly enjoyed and, especially, planning the fall on "Old Naud." The doney. Two prizes were given, a beautiful string of beads, which was won by Miss Nell Meyers, and a base ball by Master Pierce Lackey. Little Miss Nora received many beautiful gifts. # S.S.S. HEALS SORES AND ULCERS

S.S.S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S.S.S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S.S.S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

## "MR. DOOLEY" AND FRITZI SCHEFF IN SPELLING BEE

Old-Time Feature Attracts Many Spectators in the Mountains.

Bristol, Tenn., Aug. 21.—John Fox Sr., father of John Fox, Jr., the celebrated novelist, is the champion speller of Virginia and Kentucky, and recently won a "bee" in which many

celebrities participated, at the Fox home in the mountains not far from Bristol, by spelling the well known word h-l-c-o-o-u-g-h when his distinguished son spelled it h-l-c-o-u-p. Though Mr. Fox, Sr., is 79 years old and a survivor of the days of the log school house and blueback speller, he spelled down many who have been educated under modern methods. In first-class school houses and by pedagogues who employed all of the latest ideas.

In the contest was the novelist's wife, who is known to the world as Fritzi Scheff. Other friends of the writer, including F. P. Dunne (Mr. Dooley), were among the party, while Richard Harding Davis was expected in time for the big "bee," but did not arrive.

The former grand opera singer, who has somewhat extensive English education, notwithstanding the fact that she is of foreign birth, did not stand much show, however. Her husband proved the best speller in the party, with the exception of Mr. Fox Sr., and the two spelled for several hours into the morning, until the word "hiccough" was reached. Here the author was compelled to take his seat.

Notwithstanding the fact that "h-l-c-o-u-p" is the modern way of spelling the word, the "bee" was governed by the old blueback spellers and as a result John Fox, Jr., had to take his seat.

There is a revival of spelling in this section, especially among the cultured people who have much leisure time, and they are finding some genuine interest in the old-fashioned "spelling bees." The person who used the Roosevelt-Carnegie method, however, does not stand up long.

## CALLED AGENT AN "OLD SPORT"

COUNTERFEITER'S ATTEMPT TO BE FUNNY IS HIS DOWNFALL.

The Million Dollars of Bad Money Was Made in An Old Farm House.

STORY OF THE CAPTURE

Louisville, Ky., Aug. 21.—If John C. Roberts, who was arrested yesterday on a charge of counterfeiting \$1,000,000 in Mexican money, had not called the station agent at Simpsonville, Ky., "Old Sport," it is probable that he would be presently packing his treasure chest preparatory to embarking for Mexico City today. Instead of occupying a cell in the county jail, with a minimum of five years in the federal penitentiary staring him in the face.

The money had been made by John Roberts and his brother, Marion, during the last two months at the house Marion Roberts had rented on Harrod's creek. John Roberts was carrying out a gigantic scheme to counterfeit Mexican money, on which he had been engaged for five years. At last the money was finished, all except a few finishing touches. To complete these John Roberts decided to go to a farm house near Simpsonville. The work done, he proposed to leave for Mexico and reap his unlawful reward. So a few days ago he hid himself to the farm house near Simpsonville.

He carried with him the brass-bound steamer trunk, which was filled with 100 peso notes, which were currency south of the Rio Grande. Roberts is a large, portly man, weighing 280 pounds, one easy to notice. When he stepped off the train at Simpsonville he immediately began to concern himself about his trunk.

He strolled over to where the station agent was hauling the trunk around just as though it didn't contain a million dollars (Mexican money). The station agent was not aware of the fact, so there was no reason why he should be solicitous about Roberts' trunk.

Called the Agent "Old Sport."

Roberts walked up to the station agent and said:

"Here, Old Sport, I'll take care of that trunk myself."

Now, the station agent at Simpsonville is not an "Old Sport," and is, moreover, a man of dignity. He did not like being addressed as "Old Sport" by a stranger and took a good look at the man who became so familiar on short acquaintance.

The overgrown Roberts was easy to remember. He is a big man with a squint in his eye, and the station agent got a mental picture that could not be lost.

Yesterday a secret service agent went to Simpsonville. He was hot on the trail of Roberts and that trunk full of bogus Mexican money, for after John Roberts had gone to Simpsonville, Marion Roberts, his brother, had bungled the game. Marion had gone to a local broker with a proposition to make bogus bonds, and had flashed some of the counterfeit money. The broker had notified the police, the police had arrested Marion, and had informed the secret service agents and the game was up.

Tipped Off to the Secret Service Man

"Have you seen a stout man, with a squint in his eye and a brass-bound trunk around these parts lately?" he asked the station agent.

"Sure I have," said the agent. "He's the fellow who called me 'Old Sport,' and was so anxious about his trunk."

That was enough. In a few minutes the secret service man was speeding over the road toward the sequestered farmhouse, where Roberts had engaged board for himself and his trunk. It was here that he proposed to fill in the "M" and the "N" which were the only letters necessary to make his money so like the real thing that he hoped nobody would ever know the difference.

And a little later the secret service man came driving back. With him were Roberts and the brass-bound trunk, with the million dollars in it. They waited at the Simpsonville depot until the train for Louisville came. As they boarded it to come to this city, the Simpsonville station agent remarked: "Good-bye, Old Sport."

When the secret service agent proceeded to the farm house where Roberts had taken refuge, and where he was putting the finishing touches on his \$1,000,000 worth of Mexican pesos, the officer inquired of the woman of the house if Mr. Roberts was in. She replied that he was, but was at work upstairs.

Was Working on a "Patent."

"What is he doing?" asked the officer.

"I don't know exactly," he woman replied; "he says that he is working on a patent."

The officer then requested that he come down, as he had a very important letter for him from his sister. In a few minutes Roberts loomed up in his undershirt and overalls and with his hands stained with purple ink.

The secret service agent inquired if he was Mr. Roberts, and on hearing answered in the affirmative, shook hands with him very cordially

## "PE-RU-NA DID WONDERS FOR ME."

MRS. ROSA BOYER.

MRS. ROSA BOYER, 1421 Sherman Ave., Evanston, Ill., writes: "If any cure has reason to praise Perma it is surely myself."

Last spring I became so run down from the serious effects of a lingering cold, that several complications united in putting me down. I could neither eat nor sleep well, and lost flesh and spirit.

I finally tried Perma and it did wonders for me. In two weeks I was like another person, and in a month I felt better than I ever had before.

I thank Perma for new life and strength. I send you two pictures, so you can see what Perma has done for me."

Better Than For Years.

Mrs. Mary E. Jones, Burning Springs, Ky., writes: "I wish to speak a word in praise of your highly valued Perma, as I have been blessed with the golden opportunity of giving it a fair and impartial test, and can say that I have had better health, far better, since I have been using it than for quite a number of years before."

"One of my neighbors had stomach trouble. I recommended Perma to her, and now she is well and healthy, after having been pronounced hopeless by several physicians."

Man-a-lin an Ideal Laxative.

and remarked, incidentally, that he had a warrant for his arrest.

"What am I charged with?" inquired Roberts, squinting a little more than usual in his right eye.

"Counterfeiting," replied the officer.

"I haven't made any American money," Roberts said, beginning to grow nervous.

"You've got a stock of Mexican money in that trunk of yours upstairs," retorted the secret service officer. "You might as well come clean now, for I've got the goods on you."

Threw Up the Sponge.

Roberts said nothing more, but turned and led the detective and the deputy United States marshal, who accompanied him, to his room. The trunk was standing in the middle of the room, with the lid thrown back. Inside, stacked in rows and packages, were the fruits of five years' arduous toil, the \$1,000,000 in spurious Mexican national bank notes. Roberts cast one look at the trunk, and its damning contents, and dropped into a chair. His dream of riches vanished forever in that fleeting moment.

"There's no use for me to say anything," he said to the officer. "I guess that trunk speaks for itself."

Worked Years on Plan.

In his confession to the secret service agent, Roberts says that he first decided to counterfeit Mexican money about five years ago. He was an engineer on a Mexican railroad for years, and was familiar with all the currency of the republic. When he came back to the United States about five years ago he went to New York, where he spent several years perfecting the scheme. He learned the copper plate etching process, which was used instead of engraving on his plates for minting the 100-peso bank notes. That he schooled himself very thoroughly, is

London, Aug. 21.—"I earn my living by collecting snails and then selling them," said a man at Bristol police court on Thursday.

Such an occupation being so unusual, at any rate for England, a Standard reporter had an interview with the well-known caterer, M. Benoit, about the use of snails for food in London.

"I find," said M. Benoit, "that the consumption of snails as an article of diet is, if anything, slightly on the increase in this country; but it is mostly by the foreign colony that they are eaten, for the English themselves are somewhat inclined to be distrustful of food which they are not quite used to in everyday life, and they eat snails more as a joke or an experiment than anything else. Practically all the snails that are eaten in England are imported from the vineyards of France, where they fatten on the rich leaves. The native snails of this country are too small to be of any real use for cooking, and are never eaten."

"As a rule I import from one thousand to three thousand each week—put it at one hundred thousand in a year—and that represents about half the total quantity consumed over here. In order to insure their being perfectly fresh they are sent over alive, and great care has to be exercised in their packing to prevent the shells from being damaged. A good many people who suffer from bronchial complaints eat snails raw as a remedy, but I should not care to try raw snails myself, for to my mind it is the seasoning that makes them into a pleasant dish, not the substance."

The average man would like his wife to be a practical and sensible woman, yet if she is it's ten to one he'll be afraid of her.—Chicago News.

When this job was finished, and he had hoped to get through by next Sunday, he intended to proceed directly to Mexico. "Good Riddance," Says Anty Drudge.

Mrs. Don't know—"Oh, dear! Oh, dear! What shall I do? Here I am with the biggest washing for moulton, and there is a great big rust hole in the bottom of my washboiler."

Anty Drudge—"It's just the best thing that ever happened for you. Just throw the washboiler away or make an ash can of it, and wash with this cake of Fels-Naptha soap I've brought you. Use it in cold or lukewarm water, as easy directions on inside of wrapper tell you, and you'll never want a washboiler about the place again."

You are always ready to use Fels-Naptha soap. That is a great advantage.

Say you want to wash a few white things on a hot day. You don't build a hot fire and make the house like an oven to heat water.

With Fels-Naptha you just get a bowl of cold water and wash the things.

It's so simple, so easy. No boiling of clothes; no steam, no nauseous odor.

Same way if you want to remove an accidental grease spot from the floor or wash a window marked by sticky fingers. When there's cold water near, Fels-Naptha is always ready.

You'll appreciate this readiness on wash-day. No washboilers and stirring paddles to bother with, no hot fire to keep up, no danger of scalding your hands.

Likewise in washing dishes, Fels-Naptha will cut the grease in cold or lukewarm water, no matter how long they have stood before washing. And there's no heat to crack delicate china or glassware.

Follow directions on the red and green wrapper.

**MORE RECORDS  
BROKEN YESTERDAY**  
INDIANAPOLIS' NEW TRACK  
PROVES TO BE SPEEDY  
ONE.

Strong Captures the One Hundred  
Mile Event, While Zengel Es-  
tablishes Ten Mile Record.

**THE EVENTS OF MEET**

Indianapolis, Aug. 21.—Strang  
and Zengel shared honors in the  
second day of the automobile rac-  
ing meet. The former won the fast-  
est 100 mile race ever held in this  
country, while the latter established  
a new ten mile record.

The feature of the day was the  
easy victory of Strang, who drove a  
Buick in the 100 miles race, the star  
event of the day. Strang led all the  
way from the start and won by about  
ten miles in the exceptional time of  
1:32:48.5-10. At first it was  
thought this was a new hundred  
mile record for this country but the  
officials announced that they had de-  
cided to allow the mark of  
1:32:18.9-10, made by Chevrolet in  
the first hundred miles of the 250  
mile race yesterday, stand due to  
the fact that Chevrolet did not finish  
the race.

Strang, however, beat Chevrolet's  
record for nearly all the distance be-  
tween 20 and 100 miles. Strang's  
time was more than 11 minutes bet-  
ter than the 100 miles track record  
made by Hurman at Columbus, Ohio,  
July 3, last. Hurman's record was  
made on a one mile track. Following  
are the figures:

**Strang's Record.**  
20 miles, 18:11 7-10.  
30 miles, 27:55 9-10.  
40 miles, 37:01 6-10.  
50 miles, 44:44 7-10.  
60 miles, 51:14 18.  
70 miles, 1:32:48 5-10.  
Dewitt, in a Buick, finished second  
to Strang in the long race in 1:41:32  
3-10, and Stillman in a Marmon,  
third, in 1:42:37 6-10.

Before Strang started on his won-  
derful race honors had gone to Zengel,  
who established a new ten mile  
record in his Chadwick. This was  
the second time in the meet this  
record had been broken. Chevrolet  
reduced Oldfield's old mark of  
9:12 3-5 yesterday when he won the  
ten mile free-for-all today. Atkin,  
in a National, who finished second  
in that event, had the honor of  
breaking Chevrolet's old mark, as  
his time was 8:32 6-10. Wright, in  
a Stoddard-Dayton car easily won  
the 50 mile race, taking the lead as  
the ten mile mark was passed and  
holding it to the end. His time was  
55:23 1-10.

The five mile free-for-all handicap  
was the most closely contested race  
of the day and resulted in a victory  
for Merz, who drove a National, and  
his team mate, Atkin, finished one-  
tenth of a second behind him, ac-  
cording to the electric scoring ma-  
chine. Atkin really made the bet-  
ter time, as his handicap was ten  
seconds while Merz received an al-  
lowance of twenty seconds. The time  
of the winner was 4:25.

The ten mile race for machines  
which will compete in the three  
hundred mile race tomorrow result-  
ed in another victory for the Na-  
tional. This time it was Atkin who  
piloted the car to victory in the  
creditable time of 9:26 6-10. Her-  
bert Lytle broke into the blue  
light for the first time during the  
meet when he finished second in his  
Apperson nearly ten seconds behind  
Atkin.

**A PATHETIC FAREWELL  
FOR CADETS.**

Youths Dismissed From West Point  
For Hazing Lined by Miles.  
New York, Aug. 21.—An unusual  
and rather striking incident charac-  
terized the last hours at the West  
Point Military academy of six of  
the seven cadets who were dismissed  
from the institution for hazing Ro-  
land Sutton, the fourth-class man  
and brother of the late Lieut. Sutton,  
of the marine corps, whose death  
was lately the subject of investiga-  
tion at Annapolis.

Having packed up their belongings  
and settled their accounts with the  
post officers, the six young men ap-  
peared on the parade ground just  
before evening parade. The bugle  
sounded and the cadet corps march-  
ed forth upon the field, at one side  
of which stood the disgraced youths,  
unhappily watching the scene.

As the line broke into column of  
platoons to march in review, the six  
youngsters came to a smart atten-  
tion. When the companies were  
marching back into the streets of  
the camp, the former cadets slowly  
followed to have a last look at their  
tenets.

When ranks were broken, the  
members of the corps fathered  
around their dismissed comrades,  
shook their hands, patted them on  
the back and uttered all manner of  
encouraging words. The six youths  
were uncertain whether to go to the  
mess hall at supper time, but their  
former companions insisted on their  
eating a last supper there.

Street Car Conductor Gets Rare Coin  
Collecting Fares.

Kansas City, Mo., Aug. 21.—Can-  
tiously asking Conductor W. E. Ellis  
on the independent division, if a dol-  
lar he was tendering was "good," an  
old man paid his car fare with a sil-  
ver dollar dated 1798. On the date  
side is a Liberty head with thirteen  
stars about it. On the other side the  
spread eagle, with shield in front of  
the body, thirteen small stars be-  
tween the tips of the wings and below  
the level of the head, the whole sur-  
mounted by five little billowy clouds.  
On this side are the words "United  
States of America."  
On the rim, in place of the milling  
is, "One dollar, or half 100 cents."  
The conductor gave the man 95  
cents change and put the coin where  
he would not be likely to pass it out  
again in making change.

**OF CAIRO DIES YESTERDAY AFT-  
ER A LINGERING ILLNESS.**

Henry S. Candee, Cashier of Cairo  
National Bank and Member of  
Business Organizations.

Cairo, Aug. 21.—One of Cairo's  
much esteemed citizens passed away  
yesterday in the person of Henry  
Smith Candee, who died at 8:45 a.  
m. at his home at Thirtieth and Elm  
streets. Death was the result of tu-  
berculosis with which he had been af-  
flicted for two years. At the bedside  
when the end came, were his imme-  
diate family and a number of rela-  
tives from other cities. Mr. Candee  
had realized his serious condition for  
some days past and had resigned him-  
self to his fate speaking comforting  
words to those around him. His  
mind was clear almost to the last  
minute.

Until several weeks ago Mr. Can-  
dee entertained hope of recovery,  
from the dread disease. He had been  
to Florida to test the benefits of the  
climate there, and later went to Ot-  
tawa, where he received treatment  
which benefited him considerably.  
He returned to Cairo last October  
and felt that he was in a fair way to  
recovery until May when he grew  
worse again, but still did not give up  
hope till a week ago. Sunday he  
was confined to his bed and sank  
rapidly from that time.

Deceased was born in Milwaukee  
Wis., October 7, 1865. He came to  
Cairo first in 1893 to be cashier of  
the New York Life Insurance Co. He  
married Miss Hester Robb, daugh-  
ter of R. P. Robb, and was short-  
ly after transferred to Grand Rapids  
Mich. to represent the insurance com-  
pany there. When the Cairo Nation-  
al bank was organized here he return-  
ed to become its cashier, which posi-  
tion he held till falling health com-  
pelled him to resign. He was a pub-  
lic spirited man and took a lively in-  
terest in affairs generally, being  
identified with several commercial  
associations of the city (Cairo Board  
of Trade and Cairo Commercial Club)  
and a leading factor in their delib-  
erations, as well as at public meetings  
where matters of general concern  
were discussed from time to time.

**BURLEY PLEDGE  
STANDS APPROVED**  
Equity Society at Meeting in Bowling  
Green Amends Its Constitution  
and By-Laws.

Bowling Green, Ky., Aug. 21.—  
After a session lasting all day yester-  
day and until 4 o'clock this morning  
the American Society of Equity ad-  
journing, having amended its con-  
stitution and by-laws, so as to include  
the burley pledge agreed upon by the  
Equity men and the Burley Tobacco  
Society at Winchester.

Officers were elected as follows: E.  
L. Davenport, Clinscy, Ky., president;  
H. F. Ray, Indiana, vice president;  
John Portie, Hancock county, sec-  
retary. The board of directors is com-  
posed of one member from each dis-  
trict of the state of Ohio, Indiana,  
Wisconsin and Kentucky. This board  
together with the officers and direc-  
tors will hold a conference at Indi-  
anapolis, November 16, next.

The association adjourned to meet  
a year from now at Georgetown, O.  
This pledge fixes the price of to-  
bacco of average quality at 15 cents  
per pound unless two-thirds of the  
owners of the tobacco in the pool  
shall vote otherwise provide. Ev-  
ery signer shall have the right to  
prize and store his own tobacco under  
reasonable conditions. The signer  
pledges himself to pay as liquidated  
damages a sum equal to 20 per cent  
of the value for any breach of the  
contract, and the provision is made  
that the pledge shall not be binding  
unless 70 per cent. of the crop is  
pledged on or before November 1.

It was provided that in other to-  
bacco districts the district union  
should be permitted to form their  
own contract.

**WRIGHTS SUE TO PROTECT  
AEROPLANE PATENTS.**

Declare That the Machine Used By  
Cairds is an Infringement.  
New York, Aug. 21.—Willbur and  
Orville Wright, the aviators, have  
brought suit in the United States  
circuit court here against the Aero-  
nautic Society of this city, alleging  
that the Herring-Curtiss aeroplane  
which has had several tryouts at  
Mincola, L. I., is a violation of their  
patents.

The Wrights demand that the al-  
leged infringing machine be turned  
over to them for destruction, and in  
addition, ask that the court assess  
damages for three-fold the amount of  
whatever losses they are found to  
have suffered by reason of the in-  
fringement and the public exhibi-  
tion or rental of the infringing ma-  
chine. A hearing in the suit will  
probably be held early in October.

**ONE BOTTLE OF BEER  
WITH EACH PURCHASE**

Gary Merchant Playful to Thirsty  
Customers in Novel Manner.  
Chicago, Aug. 21.—Gary, Ind.,  
merchants have formed a novel way  
to keep trade in the city. After a  
customer has bought a bill of goods  
the storekeeper asks: "Will you have  
a nice, cold bottle of beer?" and in-  
variably the answer is, "I don't care  
if I do."

This premium has won popularity  
with mill employees, who, since the  
city has become dry, have been cash-  
ing their pay checks in South Chien-  
go and other nearby wet cities. In  
face of the business depression caused  
by the saloon ouster, several Gary  
merchants have made money through  
the new plan.

**WELL CUTS UP QUEER FRANK.**  
Artisan Here Becomes Gusher Only  
When Started by Pump.

San Antonio, Aug. 21.—An arti-  
sian well near here is indulging in a  
rather queer prank. After the well  
had been sunk it was found that the  
flow was not sufficient to meet the  
demands of its owners, and a pump-  
ing plant was installed. To the sur-  
prise of everybody, after the pump  
had worked for about three hours  
the well began to develop into a reg-  
ular gusher.

After flowing a little while the well  
seemed to gradually lose the pres-  
sure that was forcing the water up

and the pump had to be cut in again.  
Pumping the well again started the  
flow, and since then it has repeated  
its first performance over and over  
again.

The exact cause of the phenomenon  
has as yet not been ascertained. En-  
gineers are of the opinion that the  
action of the well is due to the pres-  
sure of a subterranean river at a  
depth of 185 feet.

## MUST CONNECT WITH SEWERS

### FOUR PROPERTY OWNERS SUMMONED BY JUDGE CROSS.

Must Show Cause Why They Have Not Complied With Board of Health's Order.

### THE COURT'S DAILY GRIND.

Summons were ordered issued against four property owners this morning by Police Judge D. A. Cross to have them appear in the city court Monday morning at 9 o'clock to show cause why they have not complied with the instructions of the city board of health in connecting with the sewers.

At the instance of the board of health several weeks ago warrants were issued against 30 property holders who were not connected with the sewers as required by city ordinance. On July 15 they were summoned and given until August 15 to connect. Today Sewer Inspector A. Frank reported to the city judge that 26 of the property owners had connected with the sewers, while four had not. They are Messrs. Kahn, Petter, Friedman and Iseman. If no satisfactory reasons are given

### In Police Court.

Judge Cross held a brief session of police court this morning. The docket was: Drunks—L. E. Young, Casey Farley and H. H. Harey, fined \$1 and full costs each. Using insulting language—Mary Matheny, continued until Monday. Breach of peace—Walter Boyd, fined \$20. Petit larceny—Lige Jones, held to answer to circuit court grand jury under \$100 bond.

The trial of Leonard Wilson, colored, charged with having carnal knowledge of a colored girl under 16 years of age, was called in Magistrate C. W. Emery's court yesterday afternoon at the city hall, but continued on account of the lack of witnesses. The girl is Magnolia Matthews, who charged Wilson with assaulting her.

## OFF IN BOAT

### EARL PALMER AND FAMILY DEPART FOR MICHIGAN.

In a Motor Boat Built by Mr. Palmer's Son This Summer in This City.

Comfortably housed in their magnificent motor boat, Paducah, Ill., Mr. Earl Palmer and family, sailed out of Paducah harbor this morning at 8:30 o'clock bound for Lake Michigan via the Mississippi river and Chicago canal. The craft was brought to the foot of Broadway this morning and moored alongside the packet Bob Dudley. After provisions and baggage was placed on board the family went aboard, waving farewell to several friends who had come down to see them off. The boat was recently built here by Mr. Palmer's sons and is a sea-going vessel. The family will go direct to St. Louis and from there to Chicago. From there they will go up Lake Michigan to a summer resort. Capt. E. A. Voight, of the tow boat E. A. Voight, was at the helm and will accompany the family as far as St. Louis. Those on board are Mr. and Mrs. Palmer and Messrs.

Donald, Russell, Raymond, John and Wayne Palmer.

The boat has a speed of 18 miles downstream and will make between 10 and 12 miles upstream.

### CARD GAME ENDS IN SHOOTING

One Man Believed to Have Been Fatally Injured in the Scuffle.

Cadiz Ky., Aug. 21.—As a result of a card game near Center Furnace fourteen miles west of here, and just across the line in Lyon county, Sam Vinson shot Jim Fisher twice in the bowels with a shotgun, and it is feared that Fisher will die from the wounds. Fisher shot twice at Vinson with a pistol, and Ed Miller, another negro, shot at Vinson twice with a shotgun, but none of the shots touched Vinson.

Vinson is now in jail at Eddyville awaiting the action of the grand jury which is now in session.

The river gauge this morning at 7 o'clock marked seven feet and eight-tenths, a rise of one foot in the past twenty-four hours. The river will continue rising and then fall again. Weather clear and warm; business good.

ARRIVALS—Dick Fowler from Cairo tonight about 9 o'clock; Bettie Owen for Brookport and regular Illinois landings this morning and afternoon at 2 o'clock; Ohio from Gokonda this morning at 10 o'clock; Chattanooga from Evansville this afternoon; Electra from Nashville at 8 o'clock last night; Condon from Joppla late yesterday afternoon.

DEPARTURES—Dick Fowler for Cairo at 8 o'clock this morning; George Cowling for Metropolis today at 11 a. m. and 4:30 p. m.; Ohio for Gokonda this afternoon at 2 o'clock; Bettie Owen for Brookport and regular Illinois landings this morning and afternoon; Kentucky for Ilverton, Ala., this evening about 7 o'clock; Chattanooga for Evansville early tonight; Condon for St. Louis yesterday afternoon; Electra for Brookport to unload the cross ties Birmingham for Birmingham late this afternoon; Hoosier for Tennessee river.

The Electra returned this morning from Brookport and will be in the excursion trade tomorrow and Monday.

The Kentucky is receiving freight

at the wharfbank and the prospects are for a very large trip this evening when she departs for the Tennessee river. She will have many passengers, including a number of round-trippers. She will pick up round-trippers along the Tennessee river.

Capt. Albert Hiltenshoen is still in the city.

Excursions will be run out of this port tomorrow by the Dick Fowler, Bettie Owen and Electra. Large crowds are expected to go out for an outing on the "water wagon." The Joe Fowler will arrive from Evansville tomorrow afternoon and be the Evansville packet Monday.

The Reuben Dunbar is due back from Nashville tomorrow night and leaves Monday at noon for Clarksville.

The Clyde returns from Waterloo, Ala., Monday afternoon late and goes to Joppla and Metropolis to unload.

Capt. E. A. Awaft has the Cutaway III. in good shape again after a week's hard work, and will carry the Red Sox baseball team to Brookport tomorrow afternoon.

Capt. John Stout, the veteran steamboat commander, who has been in charge of the towboat Condon, of Joppla, for about four years, has resigned and left today for St. Louis to take command of the big packet steamer Cape Girardeau in the St. Louis and Cape Girardeau trade. He has been succeeded on the Condon by Capt. Wallace Farnley, who went out with the boat yesterday.

Emerson's showboat in tow of the Robert Dodd is due this afternoon from Cairo and will give a performance at the foot of Broadway Monday night. She took on a supply of coal at Cairo yesterday and is just off the Mound City marine ways after being repaired.

The departures of the excursion boats tomorrow are: Bettie Owen for Metropolis at 2 p. m.; Dick Fowler for Cairo at 9 a. m.; Electra for Tennessee river at 2:30 p. m.

The Peters Lee, of the Lee line, of Memphis, is now on the ways at Mound City, Ill., for a thorough overhauling and repainting. The Lee laid up several weeks ago on account of low water and runs between Memphis and Cincinnati.

Reports from Louisville are that the City of Louisville, plying between Cincinnati and Louisville, is experiencing considerable difficulty in making her trips on account of

low water in that part of the Ohio. This boat is considered the fastest vessel that navigates on the Ohio or Mississippi rivers.

Capt. M. C. Campbell, of Paducah, a well known steamboatman who has been steamboating in Florida for several months, has returned home. His son, Capt. Will Campbell, is in Florida.

The Hoosier has gone to the Tennessee river to pull the Noxall from a sand bar. The Noxall is the largest gasoline boat in Paducah harbor and is owned by the Jack Single-tree company.

The Bettie Owen will be ready tomorrow for her regular Sunday excursion out of this port.

The fast gasoline racer Hoosier II, which passed here a short time ago, won the free for all motor boat race at Peoria, Ill., her time being 15 minutes and 18 seconds in the 20 mile course. She won over the team IV, champion of the Mississippi, capturing the purse of \$200 and the National cup. The Hoosier II recently beat the Br'er Fox.
